Storystone Chardonnay

2023

Willamette Valley

Tasting Notes: A mélange of orchard fruit followed by a hint of struck flint. Complex fine-grained texture and mineral tension on the palate. The grapes were hand-harvested, hand-sorted, and whole cluster pressed. Fermentation occurred slowly at cool temperatures in barrel, using a mix of native and cultured yeasts. The wine underwent full malolactic fermentation with minimal lees stirring. Minimal use of new French oak was used.
